- Great workshop. Very needed for personal and professional development. Thanks
- This was very beneficial, it really opened up my eyes to how victimized I have felt in the past. Now I know how to change it.
- Please double side copy your booklet- environmentally friendly!
- Great presenters & an important topic
- Excellent workshop! Good examples & exercises
- Exercises too repetitive – wanted more info on dealing with victims, not just identifying them
- Enjoyed it & presenters
- Received a personal call from Sanford Danziger which convinced me to attend – my co-worker had already suggested we go but I hadn't decided at that point. Loved it! Thanks. Glad I came.
